**(Petaluma, CA, November 1, 2016)**—Popular Bay Area dog trainer and former child educator Lesley Zoromski announced today the official launch of Stop, Look & Paws™ the first product to debut from her newly created company, Kids-n-K9s. Developed to assist parents, educators and fellow dog trainers in teaching basic dog body language to children, Stop, Look & Paws™ is a hands-on learning activity for children age 4 and up.

“As an adult, I’ve been very fortunate to pursue two passions—teaching young children and training dogs. With the release of Stop, Look & Paws™ I want to share the knowledge I’ve gained from that experience in a way that promotes safer interactions between kids and dogs. For me, that’s the overriding goal” says Ms. Zoromski.

The product introduction is timely given statistics that show an increase in the number of households with dogs. According to the 2015-2016 APPA National Pet Owners Survey there are now over 54 million U.S. dog-owning households. At the same time, a troubling picture is emerging regarding the number of dog bites that occur annually, the most typical victims and circumstances of the dog bite. The Humane Society reports that approximately 4.7 million dog bites occur annually and that over 51% of victims are children. The Center for Disease Control further reports that approximately 61% of dog bites happen at home or in a familiar place.

“I find the reality that these statistics point to as utterly unacceptable. I also know that providing families with an understanding of basic dog body language can be an important first defense in keeping children safer” added Ms. Zoromski.

Despite the seriousness of the overall goal, Zoromski does not want the learning to be fear-based. In fact, she has designed Stop, Look & Paws™ specifically to address how children learn best—in an interactive way with the emphasis on having fun.

Currently available for purchase through the company’s website, Stop, Look & Paws™ is available for \$11.95, or \$9.95 for 10 or more. If you are interested in making a donation to Kids-n-K9s, a 501(c)(3) Charity, please contact us directly.
